

case study: Aldinga SURP

project: Southern Urban Reuse Project (SURP)

client: Guidera O'Connor

location: South Australia

product: Flowtite GRP Pipe & Fittings

manufacture & supply: Assorted Pipe diameters and lengths, REKA Rubber Ring Jointed. Also many flanges, bends and tees to supply a fully GRP pipe supply package.

value: \$1—\$5m

year of project: 2010

description: Various pipe sections were supplied with pre-spooled branches and fittings attached to enable faster and simpler site installation. Flowtite GRP Pipe was selected due to its superior corrosion resistance and long service life over traditional materials.
