

case study: **Oceanscapes**

project: Yanchep Sewer Main

client: Georgiou Group (Watercorp Project)

location: Western Australia

product: Flowtite GRP Pipe and Fittings

manufacture & supply: 540m of DN1400 PN6 SN10000 in 12m lengths

value: < \$1m

year of project: 2011

description: The Yanchep Sewer Main is the main feed from the town of Yanchep and the surrounding suburbs in to the Alkimos WWTP. The highly saline soils and sensitive environmental issues were the reasons Flowtite GRP was chosen over other materials. Flowtite's lightweight and high stiffness allowed for a trouble free and quick install for the contractor.
